## MEN AT WORK

ARTIST DAMIÁN ORTEGA MADE A CONSTRUCTION SITE OF HIS CHELSEA GALLERY AND LEARNED A LOT ABOUT SANDBLASTERS IN THE PROCESS

In this picture, we are at the Gladstone Gallery installing one of my five pieces: monoliths in brick eroded by a sandblaster. The five of us are looking at the piece to fit it with precision [Ortega is pictured on the ladder]. It is interesting, the idea of the tool, an extension of the hand. In this case, the sand was the extension of the tool. **Damián Ortega**
