FASHION PEOPLE ARE PEOPLE TOO

Artist Jonathan Horowitz is known for his smart and subversive artworks that comment on fame, politics, pop culture, and society. In an exclusive project for V, he combines a taste for kitsch vintage figurines with some of the boldest names in the fashion stratosphere to produce a clever send-up of personality and

iconography. Coming off a survey exhibition at New York's P.S.1 Contemporary Art Center, Horowitz is keeping plenty of worthy targets in his crosshairs. Here are a few of his fashion favorites.
